

## Quantum Learning for Teachers 5-Day Public Workshops

### It Works!

Quantum Learning helps bring passion and fun back to teaching. It works because QL-trained teachers learn the how and the why from top facilitators who model effective QL classroom methods throughout the workshop. Teachers leave our programs with tools they understand and know how to use in their classrooms. As a result, students with QL teachers attain higher achievement levels and gain improved attitudes toward learning.

**When:** June 28 – July 2, 2010 -or-  
July 26-30, 2010

8:30 am – 3:30 pm each day  
*Registration on Day 1 at 8:00 am*

**Where:** QLN Campus, 1938 Avenida del Oro,  
Oceanside, CA 92056

**Cost:** \$625 for the full five days (save \$100 versus  
the daily rate)  
\$145 per person, per day (if attending  
fewer than 5 days)

### Studies show after Quantum Learning

- 100% reported being better teachers
- 94% reported more awareness of students' learning styles and needs
- 86% reported making more meaningful connections with students
- 83% reported raising their personal teaching standards
- 88% take more risks in teaching

### Learn key strategies to increase student achievement:

- Master powerful ways to motivate your students
- Create an engaging brain-compatible learning environment
- Learn how to use music in the classroom to enhance academic results
- Deliver effective presentations and elicit more participation
- Design dynamic lessons and implementation plans

### Rigorous research:

- Positive impact on student achievement in 18 schools in four states
- 100% of teachers reported being more effective
- After Quantum Learning, students' grades increased by 35%

### Who should attend:

- **K-12 Teachers**
- **Title 1 Coordinators**
- **Administrators**
- **GATE Instructors**
- **Special Ed. Instructors**
- **Counselors**
- **Adult/Vocational Ed. Specialists**

### Cami Eiskamp – QLT Senior Instructor

Cami Eiskamp, the senior instructor for both QLT public workshops this summer, has over 12 years experience in a variety of educational roles, including teaching foreign language in middle school and Spanish in high school. Cami is a long-time QL Education instructor, having led several QLT workshops and a number of QLS student programs. In addition, Cami is a popular speaker at education conferences on the subject of Quantum Learning. She holds a CLAD teaching credential and two Bachelor's degrees in Spanish and in Speech and Communication.
