My 8 Keys Promises to Me

The following is an adaptation of a short and easy-to-remember version of the 8 Keys of Excellence that is used by many educators who teach the 8 Keys in their classrooms. We’re thinking it would also be useful for families who are adopting the 8 Keys in their homes. Introduce it to your family and get everyone to memorize it, even make it part of a family tradition that you create as you all learn the Keys.

My 8 Keys promises to me . . .

I will match my behavior with my values, take responsibility for my actions, and be willing to do things differently.

I will learn from my mistakes, and speak honestly and kindly to myself and others.

I will make the most of every moment, make my dreams happen, and live my best life!
